WORK EXPERIENCE

CSOFT International Ltd.   **Beijing, China**
Project Manager   01/2021 - 07/2022
- Communicated with clients thoroughly to understand their needs regarding software and document localization projects, achieving a profit margin of 30% to 50% through cost-effective approaches.
- Trained translators on various computer-assisted translation tools and online working platforms and wrote documentation for them.
- Developed simple file processing and management automation tools with C# and Node.js that greatly improved work efficiency.
- Maintaining project resources and language assets such as translation memories and term bases, filing and archiving project assets for further use.

Welocalize Ltd.   **Beijing, China**
Project Manager   10/2019 - 05/2020
- Managing contacts with over 15 POCs from 5 international corporations, managing various localization projects, maintaining customer relationship with prompt response and quick action.
- Planning and undertaking different projects, coordinating internal and external resources, managing budget and quality of projects, ensuring timely and satisfactory deliveries, locating and solving potential problems.
- Cooperating with colleagues from other departments, participating in regular conference calls and generating project reports.

3DM Software Services Co., Ltd.   **Beijing, China**
Team Lead   01/2015 - 09/2019
- Built and maintained a team of more than 30 freelance translators, and was put in charge for recruitment, training, price list management, pre-translation analysis, resource distribution, file integration and general quality assurance.
- Personally participated in play-testing the localization products, while managing the inter-departmental communication between the translators and technical staff.
- Took part in a total of over 200 projects, ranging from smaller indie titles to multiple AAA titles.
